FADE IN:

.. EXT. CASTLE - DAY

An ice plant. The palace is under attack, but we can't see by whom. LASER BLASTS seem to come from empty air.

LEGEND: 30,000 LIGHT YEARS FROM METROPOLIS.

.. INT. GREAT HALL - DAY

A king, queen and knight, a powerful Mr. Universe with arms like steel girders, run for their lives. They are almost human but not quite; their skin is softly metallic.

The ROOF BLOWS OPEN. The room fills with BLASTING AIR; furniture blows over, papers swirl; like thrusters from a ship landing in the room, but there is no ship. A DOOR OPENS; we see the high-tech cockpit of an invisible craft.

SILVER BANSHEE climbs out; a six foot tall woman, ghost white, with a face like a gorgeous skull and long white hair with diamonds woven into them. The knight pulls his broadsword, a thick arch of gleaming metal.

Silver Banshee wails; it starts as a low sound, deep in her throat, but builds until it fills the great hall. The king and queen cover their ears. The knight hacks at her, but her wailing drives him to his knees. He passes out.

Silver Banshee hoists the huge knight over her shoulder and loads him into her ship.

.. INT. BRAINIAC'S SHIP (SPACE) - BRIDGE

This control center is high-tech, but has an organic feel to it; all of the pieces fit together in an intertwined way, so it seems almost like a living organism. The ship is crewed by aliens of all sorts of deranged variety.

Silver Banshee leads in the knight, who is draped in heavy chains. A DOOR OPENS behind him. Silver Banshee forces the knight to look at the floor. He never gets a look at --

Brainiac, whose face we never see in this scene; he remains an ominous, O.S. presence.

BANSHEE

He is the strongest of his race.

.. CONTINUED:

Brainiac gestures, and a thin column rises from the floor, a red button on top. He presses it.

.. INT. BRAINIAC'S SHIP - LEAD-LINED ROOM

A massive machine, the ANNIHILATOR, begins to VIBRATE.

.. EXT. BRAINIAC'S SHIP (SPACE)

A thick, concentrated beam shoots to the planet's surface.

.. INT. CORE OF PLANET

The planet's core heats, becomes molten, boils, bubbles.

.. EXT. SURFACE OF PLANET - DAY

Citizens scatter as we see a SERIES OF IMAGES: VOLCANOES ERUPT; ICE CAPS MELT; BUILDINGS COLLAPSE. It BUILDS...

.. EXT. SMALL WHITE PLANET (SPACE)

The PLANET EXPLODES.

.. INT. BRAINIAC'S GENETICS CHAMBER (SPACE)

A huge room full of sleek, high-tech equipment, ringed by several levels of catwalks. Two aliens stand the knight in the center of the room and step back.

A glass sphere shoots up out of the floor, envelops him. The knight pushes on the glass and yells as the aliens leave, but the sphere is sound-proof. They exit.

The sphere begins to fill with amber liquid, thick, like honey. The knight pounds on the glass, but he can't break it. It swirls up around his waist. He struggles, terrified.

He takes a last gasp of breath at the top, then the sphere is filled. Microbes glow on to his skin.

He sees Brainiac enter and move around the room through the fluid, a fuzzy, watery shape.

(CONTINUED)

CONTINUED:

In the center of the room, a 3-D hologram appears, ropes of interlocking strands of DNA. They spin, then a block pops out of one strand, and the whole thing unravels.

The knight completely falls apart before our eyes, disintegrating into the amber liquid.

INT. BRAINIAC'S GENETICS CHAMBER (SPACE) - LATER

We look at a metal sphere, like the glass one but solid. There is a HISS as STEAM is released, and the sphere opens. Silver Banshee is waiting.

BANSHEE

A small ship left the planet
milliseconds before the explosion.
We were unable to track it.

BRAINIAC emerges from the swirling steam, and we see him for the first time; tall, red eyes bloodshot, his brain showing through the top of his head; a frightening apparition.

BRAINIAC

Show me.

Silver Banshee pushes buttons. A hologram of a bizarre spaceship appears in 3-D before Brainiac. Brainiac practically hisses this next word, like venom on his lips:

BRAINIAC

Cadmus.

He waves his hand, the image disappears like smoke.

BANSHEE

Your worries are over. I have
located a living Kryptonian man.

BRAINIAC

Time is running out, Banshee.
Don't joke about a thing like
that.

BANSHEE

Not just any Kryptonian. He is
the son of Jor-el.

BRAINIAC

You're not joking.

She pushes buttons; a three dimensional map of a solar system appears; planets spin through the room.

BANSHEE

No. He is... there.

We SLOWLY PUSH IN ON the spinning globe... Earth.

DISSOLVE TO:

.. EXT. WAREHOUSE DISTRICT - DAY

PULL BACK FROM a painted globe on the side of a warehouse; World Wide Exports. Below, gang types in red bandannas load canisters into a truck.

.. INT. DRUG LAB - PANELLED OFFICE - DAY

MONTY, a handsome dealer who started out as a clocker but worked his way up to boss, sits across from RUDY JONES, a lawyer in a lavender silk suit. Monty pets a pussy cat.

Behind them, through a plate glass window, we can see the warehouse interior which has been converted into a drug lab, large lead vats everywhere.

RUDY

The woman devoted thirteen months of her life to you, I think this settlement is extremely fair.

MONTY

Fair? After one year --

RUDY

Thirteen months.

MONTY

-- of marriage, you're asking for seventy-five percent of everything I have. Get out of my face, fair.

RUDY

This new drug of yours sucks the life out of people. It leaves them empty, broken, and hopeless, all for thirty seconds of bliss.

He leans in, a glint in his eye.

(CONTINUED)

.. CONTINUED:

RUDY

They'll go wild for it, you'll make millions. Sign the agreement now, and I won't have to enter your drug profits into the public record.

Monty drops his pussy cat and pulls a gun, aims at Rudy.

MONTY

Fool! What's to stop me from capping you right here?

Rudy looks at the gun for a moment, then calmly meets Monty's eyes:

RUDY

You suppose the next lawyer she gets will be any easier?

He reaches in his jacket pocket; Monty cocks his gun. Rudy pulls out a pen, holds it out to him.

MONTY

I don't know how you live with yourself.

Monty puts his gun down and signs.

.. EXT. SKY OVER METROPOLIS - DAY

We LOOK AT the Metropolis skyline for a moment, then something SHOOTs THROUGH our view like a bullet.

We FLY WITH: SUPERMAN! He soars along over Metropolis, scanning the streets, looking for trouble.

He hears THUMPING BASS, shoots out over the warehouse district. He spots a car driving along below him.

.. SUPERMAN'S POV (X-RAY VISION)

The car is full of GANG TYPES in blue bandannas. They have machine guns, shotguns, an arsenal. He hears them with his SUPER HEARING.

GANG BANGER (O.S.)

Chump thinks he can sell his junk in our city.

BAD DUDE (O.S.)

Nobody gets out alive.

Superman swoops down out of the sky.

CONFIDENTIAL

WB011079

P2120

.. EXT. WAREHOUSE DISTRICT - DAY

The rival gang drives close to the bangers in red bandannas loading the truck. They OPEN FIRE as Superman lands between them, BULLETS BOUNCING off of him!

GANG BANGER

Ram him!

The driver floors it, the CAR CRASHES into Superman; the car folds like an accordion. A guy in the front seat FIRES.

CLANG! Superman catches the bullet between his teeth. He looks and sees the other bangers climbing into the truck.

He spits the BULLET, which goes as fast as if it had been shot from a gun, and BLOWS the TIRE OUT on the truck.

.. INT. DRUG LAB - DAY

Monty runs along the catwalk shouting orders as bangers run around. Rudy comes out after him, tucking the signed divorce agreement away.

MONTY

Whoever that is, I want them dead!

.. EXT. WAREHOUSE DISTRICT - DAY

A member of the other gang, a BAD DUDE, grabs a drug dealer's girl friend, high pumps, short skirt, and holds his gun to her head. She screams; he FIRES.

Superman reaches him in less time than it takes the bullet to clear the barrel, a BLUR OF SUPER SPEED, takes the gun. The bullet flies away harmlessly.

SUPERMAN

Miss, are you all ri --

WOMAN

Don't touch me!

She runs off, terrified. Superman looks after her, stung. A gang member comes out of the loading dock and FIRES a SURFACE TO AIR MISSILE LAUNCHER.

The MISSILE flies at Superman, hits him square in the "S" and EXPLODES. The smoke clears.

(CONTINUED)

.. CONTINUED:

SUPERMAN

That stings a little. Must be why
they call it a stinger.

The gang member drops his rocket launcher and runs.
Superman goes after him.

The leader of the rival gang, who we have been calling
Gang Banger, picks up the launcher and loads another
STINGER. He aims into the drug lab, FIRES.

.. INT. DRUG LAB - DAY

The STINGER zips in and hits the wall, EXPLODES. Fire
spreads across the floor, flames licking at the vats...

.. EXT. DRUG LAB - DAY

Superman blows at the gang members; they are knocked off
of their feet, as if by a hurricane.

.. INT. VAN - DAY

The gang members tumble in, on the wind of Superman's
breath, and pile up in a heap against the back wall.

.. EXT. SKY ABOVE WAREHOUSE - DAY

Superman flies up, carrying the van over his head. He
sets it on top of a boat crane, where they can't climb
down.

GANG BANGER

Mind your own business!

SUPERMAN

This sort of thing is everyone's
business --

GANG BANGER

It ain't yours! It ain't even
your planet! You a damn alien!
Go back where you come from,
freak!

Superman looks at him a moment, then flies to the ground
and goes into the burning drug lab.

.. INT. DRUG LAB - DAY

Superman enters as the flames spread.

SUPERMAN
Anyone left in here?

Rudy is behind one of the lead vats, on his hands and knees, scrambling.

RUDY
Arrested in a drug lab, great,
this is the way to make judge.

Superman senses movement behind the vats, goes and looks.

SUPERMAN
What are you doing down there?

He picks up Monty's pussy cat and carries him out the door as the flames spread.

Rudy jumps to his feet and makes a break for it just as:

The flames reach the VATS. They EXPLODE, and purple FLAMES ROAR through the lab, devouring everything in their path, including Rudy.

.. EXT. METROPOLIS - DAY

Superman flies across the sky, a red and blue streak as the LAB EXPLODES in purple flames behind him.

.. INT. DRUG LAB - DAY

Rudy runs screaming around the room, consumed by purple flames, bouncing off the walls. He falls, there is an ENORMOUS WHOOSH, and the flames extinguish as quickly as they spread. All is quiet.

CUT TO:

.. EXT. LOIS'S TERRACE - NIGHT

The skyline of Metropolis glitters in the b.g. Superman lands on the terrace, and is about to knock. He sees:

.. LOIS LANE

asleep on the sofa, her laptop still glowing; she drifted off while working. Energetic, exceptionally smart.

(CONTINUED)

CONTINUED:

And beautiful? To Superman she looks like exactly what she is; a gorgeous movie star in fabulous lighting.

He lightly taps on the glass door with his knuckles. She pops awake, grabs the phone.

LOIS

Lane, what do you got? Hello?

She hears the TAPPING on the GLASS, looks up and sees him, smiles. She hangs up, comes out on the terrace. She is in oversized boxing shorts and a muscle tee.

SUPERMAN

Sorry I'm so late.

LOIS

Don't give me that tired excuse about saving the world, either, I've heard that one before.

(a beat)

Hey, I'm joking. Where are you tonight?

SUPERMAN

I'm here. I'm just distracted.

LOIS

You're distracted a lot these days. What's going on?

SUPERMAN

It's nothing.

LOIS

You can tell me. I'd like to know what you're feeling.

He doesn't answer, he just looks out at the city lights.

LOIS

The man of steel.

(a beat)

Oh, before I forget.

She goes to a drawer, pulls out a small bundle of mail.

LOIS

More letters from kids. We must get a hundred a week.

SUPERMAN

Thank you. So many of these children don't have families.

(CONTINUED)

.. CONTINUED:

LOIS

I know how they feel.

(a beat)

The deputy mayor asked me out. I wasn't interested, but I was... well, I was amazed. Men give you a wide berth when they think you're Superman's girl friend, but he was bold. He came right out and asked me how serious we are.

SUPERMAN

Lois, I --

LOIS

I didn't have an answer. You land on my balcony, we flirt around the patio furniture, you fly off. We do this three, four times a week. I'm young, I have a life to live.

SUPERMAN

Do you want me to stop coming?

LOIS

I'd rather you stopped leaving.

It is awkward for a moment, he false starts reaching for her once or twice, she self-consciously brushes her hair from her eyes. Just as he is about to hold her, they hear DISTANT GUNSHOTS, a SCREAM.

SUPERMAN

I'd better... I'm sorry.

LOIS

No. You are Superman, after all.

He wants to say something more, but doesn't know what. He EXITS FRAME. She watches him fly off into the night, then sinks into a chair and sits there, confused, the Metropolis skyline behind her.

CUT TO:

.. INT. DRUG LAB - NIGHT

The place is ruins, smoldering with purple fire. Fire fighters enter, in gas masks, and shine flashlights around.

(CONTINUED)

CONTINUED:

A FIREFIGHTER spots Rudy the divorce lawyer in the corner, barely breathing, kneels over him. Rudy is glossy and purple, but we only get glimpses of him.

FIREFIGHTER

We got a breather!

RUDY

Help me...

He inadvertently grabs the Firefighter's face in his meaty purple hands. He struggles, panicked, as:

His life force is sucked out of him. He loses his color, then his shape, until he is just a dried-out husk of what he used to be. He falls, his dried husk crumbling.

PARASITE springs to his feet. He barely resembles Rudy any more; he is purple all over, with strange, flame-like energy dancing off his skin. He is bald as a four ball. He looks at his fingertips, alive with crackling energy.

PARASITE

Whoa! I feel jazzed!

He whips around and punches his fist through the lead vat, his hot hand slicing through the steel like butter. He looks at his smoldering fist.

PARASITE

Oh-ho wow. I can get used to this.

He picks up a ball of twisted metal, pops it up and spins it on his fingertip like a basketball. PUSH IN ON the spinning ball of metal...

CUT TO:

INT. DAILY PLANET - DAY

PULL BACK from the spinning globe of the DAILY PLANET sign to find CLARK KENT gazing out the window at the sky. He seems troubled, as if he senses something.

DING, the ELEVATOR opens and Lois emerges wearing an ornate hat, decked out in the latest high fashion. She walks through the busy newsroom of a working paper; REPORTERS on phones, people running, lots of computers, reporters doing high-tech work. Male reporters whistle.

LOIS

Go ahead, lay it on. Ralph, you'd look pretty good in this.

RECEPTIONIST

Lois. Police Captain on line three.

LOIS

I'll call back.

Clark falls into step beside her.

CLARK

Morning. New outfit?

LOIS

I spent all afternoon at a fashion show watching the city planning commissioners take freebies from the garment industry. You believe women actually wear this stuff?

She tosses the hat, smells the fresh roses on her desk.

CLARK

More anonymous roses. Someone really likes you.

Clark sits at the next desk. She pounds on the keys of an old Underwood typewriter.

REPORTER

Don't you wonder who sends those?

LOIS

Are you kidding me? I could find out in three minutes flat.

CLARK

I think our ace reporter likes having one mystery in her life.

PERRY WHITE, the patriarchal editor-in-chief, sticks his head out of his office.

PERRY

Lane!

He slams the door as Lois types a last line.

LOIS

PERRY

LOIS

My source went to the network. It's going out on the six o'clock news.

PERRY

Time was a newspaper was a vital part of a city landscape. Now they have TV internets. Satellites. Can you believe, our own Jimmy?

There is a KNOCK. Perry waves Clark in as Lois turns to go.

EXT. EDGE OF GALAXY - SPACE

Brainiac's enormous ship powers through the Milky Way.

INT. BRAINIAC'S GENETICS CHAMBER - SPACE

Lasers slice at a pile of green jewels, working various cross patterns, breaking the stones down until they are liquid. Brainiac supervises, Silver Banshee at his side.

Brainiac looks up and catches the barest, fleeting glimpse of eye contact with an ALIEN CREWMEMBER, a peon in the back, who quickly looks away. Brainiac steps toward him.

BRAINIAC

You. Why do you avert your eyes?

ALIEN

I beg forgiveness, I --

Brainiac extends his hand, and the Alien winces, expecting a blow. But Brainiac rests his hand on his shoulder, a friendly gesture, and walks him along the catwalk.

BRAINIAC

Don't be afraid. It's funny how our minds work, isn't it...

ALIEN

Hestes.

BRAINIAC

He spreads his fingers over the Alien's forehead. The Alien drops to his knees in excruciating pain. Brainiac keeps his hand on the terrified Alien's head, until the Alien finally, mercifully, dies.

BRAINIAC

I wonder who else finds me painful to look at.

He looks over his crew, then exits, as:

The green liquid drips through a series of tubes, its consistency changing at each point. It drips down an IV, into an enormous, stone-like arm. It flexes, and we hear a RUMBLING sound, the creature's breath.

INT. PSYCHIATRIST'S OFFICE - DAY

GOLDSTEIN

We all do, occasionally.

Clark picks up a brass award from a shelf, fidgets with it. He thinks out loud, figuring it out as he talks.

CLARK

I'm not a part of anything. I just fly above it all, waiting for another crisis.

GOLDSTEIN

Journalists often feel that way.

CLARK

You know what it is, Doctor? It's like I feel homesick, except I have no home. I don't belong here, and there's nowhere else left to go.

Nervous, Clark snaps the solid brass award in half in his hand. The Doctor doesn't see; Clark quickly puts it back.

CLARK

.. EXT. METRO CENTRE PARK - NIGHT

A policeman sits in his squad car at a stop light. He looks up and sees the stop light shaking. A shadow passes over him. People scream and run, as:

Brainiac's ship sets down into the park. TREES BURST INTO FLAMES, the thrusters scorch the earth.

BUILDINGS are CRUNCHED on the edge of the park; the ship does not quite fit. A "NO PARKING" SIGN SNAPS like a twig; in the lake young lovers dive out of their paddle boat.

Finally the ship comes to rest. It fills the entire park. The door opens, lowers to become a gangplank.

We see the faces of the humans on the ground, crawling away, in awe. They hear ENORMOUS BOOMS. A shadow covers the moon; the booms are FOOTSTEPS.

Doomsday, the massive beast Brainiac made in his genetics chamber, heads up the street. We never get a straight look at him, he is all imposing shadows and huge noise.

He crunches cars, pulls trees and telephone poles out of the ground. A BIRD lands near him. Doomsday holds a hand out, the bird hops into his palm. It CHIRPS. He crushes it.

A POLICE CAR ROARS up to Doomsday; he swats it and it tumbles away, flipping several times.

Superman swoops out of the sky, amazed at the destruction. He soars at Doomsday, fists in front of him. He plows into the beast, and they crash into the side of a building.

Superman shakes the rubble off, looks at Doomsday under the mess. It seems he has killed him.

Superman is overcome by a wave of dizziness. He stumbles. Doomsday punches Superman. He gets to his feet, punches him again, lifts Superman over his head and throws him. People scatter as Superman crashes through power lines.

JIMMY

Share what you got, Lois!

LOIS

You know as much as I do! The ship landed, he came out swinging! He's holding his own against Superman.

.. EXT. METROPOLIS - NIGHT

Superman stumbles, getting weaker. Doomsday pulls an iron pole from the elevated train platform and smacks Superman. Superman flies through the air and crashes into the globe on the front of the Daily Planet. The MODEL OF EARTH SHATTERS, Superman falls to the street.

.. INT. BRAINIAC'S SHIP - BRIDGE - NIGHT

Brainiac watches the pieces of the fake earth rain down around Superman in holographic image.

BRAINIAC

How poetic.

.. EXT. DAILY PLANET - NIGHT

Lois tries to fight her way through the crowd to get to Superman, but can't budge the jammed bodies. The people are stunned at what is happening. Jimmy starts reporting.

JIMMY

This is James Olsen live in midtown, where Superman is engaged in battle with a crew member from a massive ship that set down in Metro Centre Park. It appears, this is incredible... Superman is down!

LOIS

This can't be!

Superman struggles to his feet and punches Doomsday with everything he has. Green blood flies in an arc from his mouth, splatters Superman. Superman looks at it, stunned.

SUPERMAN

Kryptonite...?

Lois climbs over some rubble, trying to get close. She sees Doomsday, but he disappears as he jumps on Superman.

Doomsday jumps on Superman, punches him again and again. Doomsday's knuckles bleed; every time he punches Superman, he leaves a ribbon of green blood across him. Superman looks around, through swollen eyes. His last thought is of:

SUPERMAN

Lois...

Doomsday lifts Superman over his head. Superman's cape flaps in his face, so Doomsday rips the cape off and throws it. It catches on a broken pipe and hangs there.

Doomsday slams Superman down, hard, on a pile of rubble. He stands over Superman, both arms raised to the air, and howls with victory. Superman lies absolutely still.

INT. BRAINIAC'S SHIP - BRIDGE - NIGHT

Brainiac watches on his holographic imaging equipment. He turns it off; Doomsday and Superman disappear.

BRAINIAC

I will be preparing for the final transfusion. I am not to be disturbed for any reason. Nothing.

An Alien bows slightly. Brainiac glides out of the room.

EXT. DAILY PLANET - NIGHT

Superman lies still. Doomsday limps off up the street, badly wounded himself. Halfway up the block, he stops, looks back, hesitates. Is he forgetting something? He growls it off and slinks away, bleeding.

Lois finally breaks through the crowd, to find Superman lying broken on the rubble. She scrambles up to him.

LOIS

Hang on, the paramedics are coming... he's leaving, you saved Metropolis... Superman... no...

SUPERMAN

Lois... I...

LOIS

What? It's okay. Say it...

His eyes close. Jimmy watches in stunned disbelief.

CAMERAMAN

Jimmy. We're still hot.

JIMMY

Folks, you are seeing a live shot. It seems to be true, the impossible has happened. Superman... is dead.

LOIS

He is not dead! He's not! He's Superman, he can't... die...

A tableau: Lois futilely pounds on Superman's chest, his shredded cape billowing in the breeze on the pole. Lois cradles Superman as an AMBULANCE pulls up.

LOIS

You people clear back! I don't want to tell you twice, make a path.

Two PARAMEDICS put heart paddles on Superman's chest. The MAYOR and the POLICE CHIEF run up and watch.

PARAMEDIC

Lady, we need to work here. Clear.

Lois backs off, a tear on her cheek, but she wipes it away. The Paramedic gives Superman a jolt; it shocks the Paramedic. He shakes his fingers out and gives Superman another jolt. The PADDLES BLOW, sparks flying from them.

PARAMEDIC

It's like doing C.P.R. on a block of granite. I can't get to the heart.

Police cars surround Brainiac's ship. The police Chief shouts orders as they take up positions.

CLOSE IN ON a vent in the ground:

.. INT. PARTICLE ACCELERATOR TUNNEL - NIGHT

Superman hangs at the end of the tunnel, strapped in all sorts of high-tech restraints.

.. IN VIEWING ROOM

Lois, the Mayor, the SURGEON GENERAL, and several scientists pull goggles down over their eyes. The head scientist hits a switch...

.. INT. PARTICLE ACCELERATOR TUNNEL - NIGHT

A focused LASER BEAM BLASTS OUT. We see it from several spots in the tunnel as it builds speed. The beam hits Superman in the chest, FOOM! It rocks his body, and the folks in the viewing room have to look away.

The Surgeon General comes through a door, listens to the heart. Lois starts after him, but the Mayor holds her back.

SURGEON GENERAL
He's dead.

PUSH IN ON Lois, unbelieving.

.. INT. TUNNEL

Superman tumbles up a breathing, undulating tunnel, in his torn costume, no cape, as he was at the moment of death. A light appears at the end of the tunnel. Superman looks back the way he came, then he disappears into the light.

CUT TO:

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Brainiac and Silver Banshee enter, his Aliens stand by.

BRAINIAC
Bring the corpse forward.

ALIEN
Doomsday returned without it.

BRAINIAC
What? Why didn't you tell me?

ALIEN
You said not to... under any
circumstances...

Brainiac looks at him, unbelieving, gestures. The Alien drops, clutching his head. Brainiac's eyes are intense as the Alien suffers and dies, as if he enjoys meting out this small punishment. He turns to Silver Banshee.

BRAINIAC
This is what I'm working with
here.

CUT TO:

.. INT. CITY MORGUE - NIGHT

The room stands empty for a few moments, then the door opens and light spills in, revealing Superman's dead body on a slab. We can see the police guards asleep against the wall in the hall, dreamy smiles on their faces. A mysterious figure moves to the body...

.. EXT. METRO CENTRE PARK - NIGHT

The Police Chief stands at the front line of his men, who have Brainiac's ship surrounded. He talks to Jimmy Olsen.

CHIEF
None of our weapons will crack
that force field. It's eerie. No
movement, no communication, he
just sits in there. What does he
want?

A ripple passes over the stars, but they don't see it; an invisible craft leaving Brainiac's ship.

.. INT. CITY MORGUE - HALLWAY - NIGHT

Very late. SLOWLY PULL BACK ALONG the hallway, which is loaded with flowers and children's drawings.

REVEAL Lois Lane, alone in an overstuffed leather chair, staring at the door of the morgue in disbelief.

The ROOF BLOWS OFF of the building. The thrusters of one of Brainiac's invisible ships come down, blowing the flowers and other tributes in all directions.

Lois hides behind the chair as Silver Banshee emerges from the ship. Silver Banshee emits a sound from her throat; a HOLE BLOWS OUT in the WALL. She goes in to the morgue.

.. INT. CITY MORGUE - NIGHT

Silver Banshee sees that the slab is empty! She tears body drawers open, searching.

BANSHEE

The body is not here.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Brainiac watches a 3-D hologram of the inside of the morgue; Silver Banshee and the empty slab. He sighs.

BRAINIAC

Did it get up and walk away?

BANSHEE

Perhaps. All I can tell you is, Superman's body is gone.

Brainiac notices movement at the door of the morgue; Lois peers around the door at the empty slab, shocked. Brainiac waves a hand and freezes the hologram. She grows into --

a life-sized three-dimensional model of Lois. Brainiac turns it slowly, looking her over, fascinated.

DISSOLVE TO:

.. EXT. MISTY LANDSCAPE

We see nothing except a layer of mist two feet off of the ground. Superman pops up on all fours, raising his head above the swirling mist, gasping for breath. He is still wearing the tattered suit, no cape, as he was at death.

(CONTINUED)

.. CONTINUED:

Two figures in white come toward him out of the mist. Superman is stunned as they get close enough to recognize; they are JOR-EL and PA KENT, his Krypton and Earth fathers. He moves toward them, but they seem to move back even though they stand still; he can't get closer.

SUPERMAN

Pa? Pa Kent! Jor-el! Wait!

He stops moving after them, and they stop receding.

SUPERMAN

Jor-el, I can't believe it. I have so many questions. I miss you, Pa.

PA KENT

I've been with you, son.

SUPERMAN

Where am I? How did I get here?

JOR-EL

There is time to answer all your questions when you come across.

SUPERMAN

I try, I can't reach the light.

PA KENT

Nothing's stopping you, Clark. Why are you hanging on?

SUPERMAN

I don't know, I'm confused.

JOR-EL

You have to be at peace with yourself.

SUPERMAN

I don't understand.

JOR-EL

PA KENT

JOR-EL

Kal-el. Are you whole?

Superman pauses, as if he is considering the question.
Suddenly:

His fathers shoot away from him.

INT. TUNNEL

Superman is shot back through the mysterious tunnel, and
the light gets smaller and smaller. He tumbles and
rolls, faster and faster, until everything goes black...

INT. CADMUS'S SHIP - SUPERMAN'S POV - WORKROOM - NIGHT

His eyes snap open and dart around the room; strange
alien machinery hangs from the walls and ceiling; a bank
of monitors along the wall; dark, shadowy corners;
Superman doesn't know where he is and neither do we, it
is shot so that we share his confusion.

He sees a strange bug creature, leaning over something
with sparks flying. Disoriented, Superman jerks, coughs.
The bug creature lifts its mask:

It is Cadmus with an alien welding mask, working over
some equipment with a laser welder. He aims the laser
welder like a weapon.

CADMUS

What the hell are you doing?

Superman bolts upright and holds a hand over his eyes,
blinded by the dim light in the room. He waves his other
arm out to the side, grasping for something to hold on
to.

CADMUS

You're supposed to be dead.
Scared the crap outta me.

Superman looks around at the alien technology, which is just starting to COME INTO FOCUS. Then he leaps across the slab and bolts out the door.

CADMUS

Hey!

.. INT. CADMUS'S SHIP - CORRIDOR - NIGHT

Superman runs down the hallway, at normal human speed, looking for a way out. Cadmus comes after him, but he doesn't run so well.

Superman pulls doors open, looking for an exit, but all he finds are more rooms. There is junk everywhere, he has to sidestep rusty piles of metal. He trips over some stuff, and when he gets to his feet Cadmus is almost on him. He spots a hatch in the ceiling, grabs the wheel.

CADMUS

Don't open that!

Superman jerks the wheel; the hatch falls open and he is knocked off of his feet by gushing water.

Cadmus forces the hatch shut. Superman gets to his feet, dazed. It is confusing, he is slipping and sliding in the water. Cadmus tries to hold him up, but Superman struggles.

CADMUS

Calm down! Relax!

Superman tries to break away. Fed up, Cadmus punches him, knocks him out. Superman falls, Cadmus catches him.

CADMUS

Superman. Spectacular.

.. INT. DAILY PLANET - NIGHT

STARTING ON the broken globe outside the window; there are fires all across the horizon. We PULL BACK THROUGH the empty newsroom. There is very little light, only the glow of the computer screens. Lois is at her desk, on the phone, in black.

LOIS

Kent. Clark Kent. Six-two, wears glasses. I'd appreciate it if you'd keep an eye out, Lieutenant. Thanks.

She redials; it rings, then a woman's voice says "Hello?"

LOIS

Mrs. Kent? It's Lois Lane.

.. INT. KENT FARMHOUSE - NIGHT

MA KENT, Clark's mother, is sitting on her sofa in the dark, the TELEVISION showing footage of Superman's battle with Doomsday. There is a framed photo of Clark behind her.

MA KENT

Lois. I'm sorry to hear about Superman. I know you were close.

As Lois speaks over the phone, we PAN mounds of clippings about Superman piled on the table in front of Ma Kent.

LOIS (V.O.)

(on phone)

Mrs. Kent, Clark's gone missing. I'm sure he'll turn up, but I thought you should know.

MA KENT

Yes, dear. I'm sure he's fine.

Perry nods, exits. Lois sits alone, and for a fleeting

A black figure descends on a line from the top of a building. The figure walks through the crowd, which parts for him as he approaches the coffin. It is:

Batman!

.. EXT. SUPERMAN'S TOMB - DAY

Perry White, the Mayor, the Police Chief, the Fire Chief, the Governor and Batman carry the coffin into the tomb.

Brainiac breaks contact with her. Lois is breathing deep, fighting the sadness that is welling up inside of her.

BRAINIAC

CADMUS

Nope, you came back on your own. I brought your body here to keep it away from Brainiac, I didn't expect you to be in it.

SUPERMAN

CADMUS

He's been loading himself up with the best D.N.A. in the universe, destroying the planets so no one else can get any. Wants to be the biggest and the baddest, all that. The mixed D.N.A. is incompatible, he's disintegrating.

SUPERMAN

CADMUS

Crap. Dusty artifacts from dead worlds. I'm sort of an archeologist.

SUPERMAN

More of a junkman, I'd say.

CADMUS

I collect stuff from dying planets. Been doing it for a long time, way before Brainiac showed up. Since he started stealing D.N.A. I've done what I can to stop him but I ain't had much success. Mostly I just archive planets he destroys.

INT. BRAINIAC'S SHIP - OBSERVATION DECK - NIGHT

Silver Banshee enters and finds Parasite waiting. He is more cut and muscular than when we last saw him.

BANSHEE

He will be along in a moment.

PARASITE

You the girl friend?

BANSHEE

My name is Silver Banshee. I am first mate of this ship.

PARASITE

That's too bad, because I see all this high-tech stuff, I think of one word: 'palimony.'

Brainiac appears as if out of a mist, on a platform above.

BRAINIAC

You interrupted me for this?

PARASITE

Nice to meet you, too, pal.

BANSHEE

Tell him what you told me.

PARASITE

We can cut a deal. Like I said to Silver Bedsheets here --

BANSHEE

Silver Banshee.

PARASITE

You want the body of Superman, right? I've got this town wired, City Hall, the streets, the back alleys and bars. You give me the authority to act in your name, maybe some muscle, I'll find you the super stiff.

PARASITE

Look, no offense, but you don't fully grasp the scenario. I have incredible strength, Superman is D.O.A., I can do what I want. I am offering my services in a mutually beneficial --

Brainiac gestures, and the floor opens up under Parasite.

INT. BOTTOMLESS PIT

Parasite free-falls. As he tumbles, he sees the bottom of the pit rushing up at him, inhabited by unimaginable evil creatures, something between a tarantula and a scorpion, snapping.

Parasite frantically tries to stop his fall, but the beasts rush up at him, snapping, reaching...

INT. BRAINIAC'S SHIP - OBSERVATION DECK - DAY

Parasite opens his eyes; he is still aboard Brainiac's ship on his knees, it was all in his mind. Brainiac hovers over him, imposing.

PARASITE

You make a persuasive argument. All right, your rules. Just don't forget our deal.

Parasite exits.

.. INT. CADMUS'S SHIP - TRAINING ROOM - DAY

Cadmus works the controls as Superman dodges jury-rigged obstacles; lasers fire, blades swing down from the ceiling and up from the floor, metal pipes thrust at him. It all has the feeling of being put together with bubble gum and bailing wire.

CADMUS

You think too much! Use instinct!
You got instincts, don't you?

Superman dodges a thrusting iron rod, spins around. Cadmus works the controls, biting his tongue; it is like Superman is in a video game and he is the player... the closer he gets to whacking him, the more carried away he gets.

A rod smacks Superman in the head. Cadmus shouts triumphantly, catches himself and shuts off the apparatus. Superman rubs his head as Cadmus resets the obstacles.

SUPERMAN

It's frustrating, like when something is on the tip of your tongue. I used to be able to lift a truck like it was a toy.

CADMUS

You were the Man of Steel.

Superman looks at him oddly.

CADMUS

SUPERMAN

CADMUS

There's more to life than being

SUPERMAN

CADMUS

.. INT. CADMUS'S SHIP - WORKROOM - DAY

Cadmus hits a switch. A panel opens in the wall to
reveal:

A black super suit, pieced together with high-tech gizmos
from a lot of different kinds of science; like everything
else on Cadmus's ship, it is a bizarre patchwork.

CADMUS

I've been screwing around with
this. It should do everything you

hydraulics in the arms, goggles
for X-ray vision. The
accelerators on the boots will
give you super speed, and the

.. INT. MAYOR'S OFFICE - NIGHT

The Mayor and two of his aides work late looking out the picture window at the mess that is Metropolis below; fires and riots, looting, etc., all in the very distant b.g.

The doors blow open and several aliens enter, making a path. Parasite and Silver Banshee enter, the Mayor's gorgeous ASSISTANT trailing behind them.

ASSISTANT

You don't have an appointment --

PARASITE

Don't need one, babycakes.

MAYOR

What's the meaning of this?

PARASITE

You're way down in the polls, Mr. Mayor, this town's going to hell. Time for a recall.

MAYOR

You're insane.

His aides make a move toward Parasite, but two aliens grab them and force them to their knees. Parasite grabs the top of their heads and sucks their life forces out. He lets their husks fall, and turns to the pretty Assistant, energy dancing off of his fingertips.

The Chief of Police comes down the stairs surrounded by uniformed officers and finds officers on their knees, Silver Banshee standing above them. Parasite is behind her, guarding the Mayor who is in handcuffs.

CHIEF

Who are you?

BANSHEE

I am the Chief of Police.

The cops draw their guns, but she begins to wail. They drop their guns, cover their ears, fall, passing out.

PARASITE

Nice pipes.

Silver Banshee goes to the Chief, takes his hat and sets it on her silver mane. She pins a gigantic diamond, roughly in the shape of a badge, on her chest.

Diamonds are a ghoul's best friend.

.. INT. KRYPTON ICE CAVERN - DAY

But he is no longer on board the ship. Superman stands on a ledge, still dressed the same, holding the silver orb.

The place shakes, ice crumbles from the walls. There is a green cast to everything. He hears a SCREAM and looks up as a Krypton man falls from a ledge and disappears into the cavern below. Superman puts his hands up to protect himself from falling rocks, spots a tunnel, follows it out.

.. EXT. KRYPTON SURFACE - DAY

Superman comes out of the cave, holding the orb, and looks out over Krypton. There is a magnificent, gleaming city below him, green spires reaching to the sky. A gorgeous planet. Superman is overwhelmed.

Superman sees a window in the side of the hill nearby. Inside figures move about; he walks over and looks in.

He exits. Frustrated, Cadmus disappears back into the floor, slams the hatch.

INT. DAILY PLANET - DAY

Lois runs to Clark, embraces him.

LOIS

Clark! I thought you were dead!

She kisses him on the cheek; Clark tilts her face up and kisses her full on the lips. She gives herself over to it. It is a long kiss, and forceful for Clark; something has changed in his personality. Lois is flustered, embarrassed.

LOIS

Clark...

CLARK

It's good to be alive.

LOIS

Strange thing. When you disappeared my anonymous roses stopped coming.

CLARK

Sure, Lois. What's up?

She takes his hand in hers and takes a deep breath. She seems to be working up her courage. There is a picture window behind them, red sunset gleaming off the spires of Metropolis.

LOIS

Since Superman died I've done a lot of thinking. It's weird, we're friends, you and me, and somehow you think you can't be in love with a friend, which is ridiculous, I mean, that would be the ideal, you'd think. But the bottom line is, when I thought you and Superman were both dead, you were the one I really missed.

He cups her chin and turns her face up to meet his eyes.

CLARK

Lois. What are you trying to say?

LOIS

What do you think?

He kisses her; a deep, long kiss.

Ma Kent weeps. Clark glances at Lois, who gives him a look that says, tell her.

Superman steps up to it. There are no straps, nothing, it just looks like a smooth piece of black metal.

CADMUS

It's a wing. It flies. Never had it out, it's brand new, not a scratch on it. Like to keep it that way.

Another hundred yards, we'll be

Suddenly the street is pounded open above them; rubble
rains down, and the street is torn up. Parasite looks
through the hole, upside down.

Parasite drops down through the hole and goes after them, still carrying the manhole cover.

JIMMY

Here!

He is at a chute that goes deeper underground. They are about to jump when Parasite grabs the last soldier in their group and slams him against the wall.

He latches onto the soldier and sucks his life force out. He staggers back as the husk drops, looks down at his amazing body, flexes like a body builder.

PARASITE

I swear, I'm already seeing results.

The Army Captain, who is the last one left except for Lois and Jimmy, OPENS FIRE on Parasite. Parasite turns, aglow with the energy he just sucked, holds the manhole cover up for protection and walks straight forward through the BARRAGE of BULLETS.

He slams the Captain with the manhole cover, grabs the Captain's gun and breaks it in half.

Lois and Jimmy dive into the chute.

Lois and Jimmy fly by. Parasite looks down the chute, sniffs.

The wing does a loop and heads in that direction.

He scans the sewers until Lois and Jimmy slide THROUGH his vision. He goes back, looks for them. The IMAGE FLICKERS; the X-ray visor is going out.

.. BACK TO SCENE

He smacks the visor, the vision comes back.

.. SUPERMAN'S POV - NEW X-RAY VISION

He finds the reporters, and Parasite closing in on them! The vision goes BLACK.

.. BACK TO SCENE

Superman zooms toward an open manhole. He looks at the wing, and at the hole. It is obvious he will never fit.

At the last instant he breaks away; the big portion of the wing shoots up into the sky, and he shoots through the manhole in a smaller, interior piece, almost like a solid triangular cape. It takes him completely by surprise.

.. INT. SEWER - NIGHT

Superman roars through the manhole and starts to fly through the tunnels, looking for them.

Tunnels fly by at incredible speed, seen THROUGH his LED, like a video game.

Superman hears LOIS YELLING, comes to a stop. The interior wing folds up behind him of its own volition, becoming unobtrusive. He tries to spot her through the wall.

... SUPERMAN'S POV

Nothing but wall; his X-ray visor is dead.

.. BACK TO SCENE

He hears HER YELL again, and raises his visor, frustrated. He stares at the wall with his own eyes; nothing. He closes his eyes and rolls his head around, relaxes, looks at the wall...

.. SUPERMAN'S POV

His X-ray vision is coming back, albeit very weakly. Then, suddenly, with a crash: he sees THROUGH the wall, then the next wall, then all the other walls, THROUGH the earth, the core of the earth, out to space.

.. BACK TO SCENE

He reels back, closes his eyes. He gets his equilibrium and tries again.

.. SUPERMAN'S POV - X-RAY VISION

He sees a hazy image of Lois using her knife to pry a grate loose. She and Jimmy climb through. Superman shifts his eyes, sees Parasite closing in on them...

.. INT. BASEMENT RAVE - NIGHT

Lois and Jimmy climb through the grate into an underground nightclub. Dozens of young people dance, like they stumbled into MTV's Grind inhabited by sexy zombies.

They climb down the scaffolding and melt into the crowd. Of course, they look completely out of place in the flood of undulating bodies, as they make a beeline for the door.

The door flies open and Silver Banshee enters; Lois and Jimmy are cut off. Silver Banshee makes a police whistle sound and the MUSIC CUTS OFF. All eyes turn to her.

PARASITE

Banshee, baby. What's a sleazy girl like you doing in a nice joint like this?

Aliens flood the room, start rounding up the teenagers.

BANSHEE

Take them, we'll use them as labor.

Superman breaks through the roof and flies straight down at the crowd. His visor is back in place, hiding his face.

BANSHEE

Kill him!

The aliens OPEN FIRE, a BARRAGE of LASERS. Superman descends on Lois and Jimmy, covers them in the interior wing, and flies out the hole he made when he came in.

The crowd is excited, murmurs pass through the room:

CROWD

Superman! Is he back?

.. EXT. ROOFTOPS OF METROPOLIS - NIGHT

Superman deposits Lois and Jimmy on a rooftop. He drops Lois facing away from him, looks Jimmy in the eye. Superman jumps off the roof just as Lois turns to get a look at him. Lois and Jimmy hurry to the edge.

Parasite and Silver Banshee come out in the crowd, looking for Superman. He swoops down and lands, scatters the crowd.

TEEN #1
Look! Superman!

TEEN #2
He'll nail them!

BANSHEE
Who are you, man?

Superman takes a deep breath, blows superbreath at her. This time she is ready; she wails, yelling right at him.

His superbreath hits her sound wave, causing a vortex that swirls upwards, sweeping paper and dirt and somebody's bicycle up with it; a cyclone.

Superman whips his head to the side, and the vortex goes swirling off down the street, the club dancers diving out of the way.

Parasite grabs a young dancer; he starts to suck out this guy's essence, but the guy starts shaking, twitching.

PARASITE
Ah, none of that.

He shoves the dancer away, and the dancer slams against the wall and slides down, dazed. Superman sees this.

Parasite turns on Superman, crackling with energy. He leaps through the air and dropkicks Superman, who slams back against a wall. Parasite pounces, grabs his head.

PARASITE

PARASITE

It's my high-energy diet.

Silver Banshee sees that they are under a tall, glass skyscraper. She begins to wail, a very high tone. All the young people from the nightclub cover their ears. She wails louder, higher, until:

All of the GLASS on the skyscraper starts to SHATTER and rain down toward the crowd. The windows pop, floor to floor. The crowd screams; they will be ripped to shreds.

One huge wedge of glass drives through the roof of a car, shearing the vehicle in half.

Superman sees another huge wedge of glass heading for the crowd. He jumps on top of a car and catches it, tosses it aside. Silver Banshee and Parasite head for the ship.

A huge wedge of glass falls straight toward the fellow that Parasite wouldn't feed from. As Superman leaps to catch it, Parasite and Silver Banshee go into the ship.

Superman tosses the wedge aside and flies after them; he hits the force field on the outside of the ship and bounces off, slams against the side of a building.

It knocks the wind out of him. He manages to get up, goes and kneels over the trembling MAN.

SUPERMAN

What happened?

EPILEPTIC (MAN)

CADMUS
Guess we'd better let him in.
He'll drown.

Superman nods. Cadmus spins a lock and a hatch opens. The water doesn't pour in, it stays smooth, like the surface of a pond only upside down. Jimmy falls through and lands on the floor, soaking wet.

Superman throws him against the wall, keeping Jimmy's back to him, as Cadmus locks the hatch. Jimmy is terrified.

Superman sits at the mound of junk from Krypton, looking through it, holding pieces of it in his hands. He lifts an object and turns it over; it is completely foreign, it means nothing to him.

He looks across the room and sees a pile of Earth stuff; the collection Cadmus is building to remember this planet by: paintings, computers, a Coca-Cola sign, bits of popular culture, religious artifacts. There is a gold crucifix at the top of the pile; as Superman looks at it in the half light, it is almost like he is in church.

.. INT. CADMUS'S SHIP - WORKROOM - DAY

Cadmus watches Superman on a monitor, troubled. Superman sits in the middle of all the junk, not moving. Cadmus hears a noise, turns to find Jimmy in the doorway.

JIMMY

He's in trouble.

CADMUS

Yep.

JIMMY

I know what he needs. You've got to let me out of here.

Cadmus nods and exits with Jimmy. We PUSH IN ON the monitor, where Superman walks over to the pile of Earth artifacts.

.. INT. CADMUS'S SHIP - WAREHOUSE - DAY

Superman looks down at the silver orb that is recording Earth. He picks it up, holds it in his fist.

He doesn't get anything so he turns the orb over, but he is still standing in the warehouse. He turns it over again.

He hears HORSE HOOFS. He turns and finds:

A WHITE STALLION clomping down on him. He steps aside as it passes.

.. EXT. METROPOLIS - MAIN BOULEVARD - DAY

Superman watches the horse clomp by, pulling the wagon with his casket, draped in his tattered cape. He is at his own funeral.

He glances up at the reviewing stand, and sees the Mayor, the Police Chief, Batman. And then Lois, with the veil down over her face.

.. SUPERMAN'S POV - X-RAY VISION

He looks THROUGH her veil at her face. She looks like she has been hit by a truck; she is trying so hard to maintain, but her emotions are going wild inside of her. He watches her face for a long time.

.. BACK TO SCENE

As the casket passes, Superman follows it up the boulevard.

He hears crying and starts to notice the average citizens lining the street. He looks at their faces; men whose eyes are vacant, red; women who openly weep. Small children clutching Superman dolls, or dressed up in homemade Superman outfits.

He settles on a young family, father and mother holding their two children, comforting them. The kids are bawling as they watch the coffin pass. He looks back the way he came. He can't believe what he sees:

The streets are lined with people, as far back as his eyes can see, as if all of Metropolis is out for this.

He finds Lois again, watches her. CLOSE UP ON her face as she stands there fighting mightily to keep the tears away; she is trembling, biting her lip.

PUSH IN ON Superman's eyes, as he sees for himself what he means to Metropolis... and to Lois Lane.

.. INT. CADMUS'S SHIP - WORKROOM - DAY

Superman slips in, in the dark, and starts to suit up.

CUT TO:

.. EXT. LOIS'S TERRACE - SUNSET

Lois looks at the Metropolis clock tower, which reads: 12:07:16, then she looks up at the sky.

LOIS

I know you're out there, but how
do I find you? You always come
when I'm in trouble. Without
fail.

She climbs up on the railing and looks down at the ground, forty stories below, then out at the sky.

LOIS

Don't let me down this time.

She closes her eyes... and jumps! Jimmy yanks her back onto the terrace; she yells, he yells.

JIMMY

It's me! Lois, it's Jimmy!

.. EXT. METROPOLIS - SUNSET

Jimmy and Lois hurry through the streets.

JIMMY

You have to talk to him, he's all mixed up.

LOIS

I knew it was him!

We FIND Silver Banshee following, hiding in the trees.

CUT TO:

.. INT. BRAINIAC'S SHIP - BRIDGE - NIGHT

Brainiac tinkers with controls as Silver Banshee stands behind him. He is looking worse, his eyes more sunken, his brain more exposed; deteriorating. He looks up, still facing away from her, then his face falls, disappointed.

BRAINIAC

You have returned without the girl.

BANSHEE

Yes. Cadmus --

Brainiac whirls in a flash of wild anger.

BRAINIAC

Cadmus!

We don't see the strike, it is covered by the cutting, but his backhand knocks Silver Banshee off her feet. He turns back to his console, frustrated. She touches her wounded face, climbs to her feet.

BANSHEE

Fool.

This word rumbles deep in her throat; Brainiac looks around as the walls of his ship shudder.

BANSHEE

Cadmus has the girl, and I know where he is. You can take care of them both at once.

He turns to her, softens, reaches out. She shies away, but he gently touches her cheek. She closes her eyes.

BRAINIAC

CUT TO:

.. INT. MAYOR'S OFFICE - NIGHT

Parasite opens the closet, revealing a few tied up, terrified humans.

PARASITE

Guess who's coming to dinner. You look strong.

He goes in. We stay outside in the office, and see the purple light from within as he devours the human's energy.

Parasite comes bounding out, his body coursing with strength, his fingertips dancing with energy, and strikes a couple of bodybuilding poses.

BANSHEE (O.S.)

Very attractive.

He turns and sees Silver Banshee lying across the desk.

PARASITE

Brunhilde!

She sits up, and he stands between her legs while she sits on the edge of the desk.

PARASITE

You think energy shooting out my fingertips is wild, think what you could do with this.

He waggles his tongue; purple energy dances off the tip. She shoves him away.

BANSHEE

Brainiac is finished with me. He thinks I don't know it, but I do.

PARASITE

Oh, I get it. Now he's ready to toss you aside, you come to papa.

BANSHEE

Listen to me. He has decided to use human D.N.A. He will destroy Earth whether he finds Superman or not.

PARASITE

That is a dilemma.

BANSHEE

We should prepare to destroy him.

PARASITE

Simple, we figure out a way to disarm his weapon and he'll die when time expires.

BANSHEE

That weapon will be our source of power, so we can rule Metropolis.

PARASITE

Okay. So we keep Superman's body away from him, keep him weak. Then we find a way to kill him.

She moves so close that he can feel her breath on his lips.

BANSHEE

We can rule Metropolis together.

PARASITE

Yeah? How together?

BANSHEE

Wait. Patience is a virtue.

PARASITE

Sure, but I'm a villain, baby.

She laughs, jumps out the broken window and lands on the street several stories below.

Cadmus unlocks the heavy door; Jimmy and Lois fall in, soaking wet. Lois looks around, amazed.

CADMUS
So, you're Lois Lane. I can't tell you what a pleasure it is to meet you. I feel like I already know --

LOIS
Where is Superman?

CADMUS
Mary Lou, locate Superman.

COMPUTER (V.O.)
Superman is not aboard ship.

LOIS
Locate Clark Kent.

COMPUTER (V.O.)

LOIS

CADMUS
There's only one place he could have gone.

CUT TO:

.. EXT. BRAINIAC'S SHIP - NIGHT

PULL BACK FROM the ship to find Superman on the roof of a building across the way, looking over the ship.

.. SUPERMAN'S POV

The high-tech LEDs of the wing helmet analyze various sections of the ship, looking for the weakest point to break through.

.. BACK TO SCENE

Superman hears a DISTANT RUMBLE, cocks his ear. He hears PEOPLE SCREAMING, and what sounds like an AVALANCHE.

He takes off on the interior wing, hooks up with the big wing, and shoots down the street.

(CONTINUED)

.. CONTINUED:

A moment later the front of the ship opens and Brainiac emerges. He and Superman do not see each other.

Brainiac glides up the street. The cops OPEN FIRE on him, but their BULLETS don't reach him; they slow down and drop to the ground like impotent pebbles.

.. EXT. EXCAVATION SITE - NIGHT

An excavation under the City Morgue, part of the search for the body. The building has collapsed in, dust billows out. Metropolitans are all around, coughing and bleeding.

Superman separates from the big wing and lands in the interior wing. An hysterical WIFE runs up to him.

WIFE

We were looking for the body...
the tunnel collapsed! My husband!

Superman goes to a worker who is giving CPR to the husband. The husband is bloody, covered in dirt.

SUPERMAN

Stand back.

Superman kneels over the unconscious man.

.. SUPERMAN'S POV

The LED in his visor gives various vital statistics as it scans the husband.

.. BACK TO SCENE

Superman pushes on the husband's chest, then tries to breathe into his mouth with the mouthpiece on his suit.

Superman lifts the visor away from his eyes. We PUSH IN ON his eyes as he looks over the man. We begin to hear very FAINT THROBBING.

.. SUPERMAN'S POV

We begin to see faint movement within the man, like soft electricity running around his body.

CONFIDENTIAL

WB011172

P2213

.. BACK TO SCENE

Superman concentrates. Now the electricity on the body takes on different colors, and it bleeds into the man as the THROBBING BUILDS to a HEARTBEAT; it is as if Superman is looking into the husband, seeing where his blood still moves, where there is oxygen, the warmth in his brain.

SUPERMAN

He's alive.

He leans over the husband again, rips his mouthpiece off and takes a deep breath, blows steadily into the husband's mouth. He empties his lungs, then looks down at the body.

The insides of the husband have not changed. He takes another deep breath, blows with all he is worth; we can almost hear the wind. He sits up and massages the husband's chest.

Slowly, the energy patterns within the man speed up; the THROBBING becomes stronger, the lines of color pick up speed and vitality. Superman watches in awe as the man's life force spreads to every extremity.

CUT TO:

.. INT. CADMUS'S SHIP - WORKROOM - NIGHT

Lois and Jimmy watch Cadmus fool with video monitors, trying to locate Superman. Suddenly, without warning:

The roof blows off his ship. Imagine the sky being ripped away above your head, and you get an idea.

Brainiac lowers in through the torn-out roof. Water runs slowly but steadily over the walls into the ship. Brainiac settles to the floor in the center of the room.

BRAINIAC

Cadmus. It's nice to see you again.

CADMUS

We've never met face to face.

BRAINIAC

The Kryptonian is alive.

CADMUS

His name is Kal-el, and he's gonna knock your block off.

Brainiac laughs, gestures. CIRCUITS in the floor EXPLODE; Jimmy is blown into the corner, behind a pile of rubble.

BRAINIAC

I feel sorry for you. Years of chasing me, always a step behind. I want to do something for you.

CADMUS

You could die.

BRAINIAC

We're alike. We both preserve lost civilizations; you in a museum, me in the temple of my own body.

LOIS

You're a sick bastard.

Brainiac blows out a whole bank of equipment above Lois and Cadmus. A chunk of metal hits Lois on the head, knocks her out. Cadmus stands there and lets it fall around him. Brainiac meets his eyes.

BRAINIAC

You honestly don't remember me? We were at the Academy together.

Brainiac squeezes his fist; Cadmus holds his head, screams in pain.

CADMUS

I feel sorry for you.

BRAINIAC

Oh, please. Why?

CADMUS

You're about to do the best thing you can possibly do for Metropolis, and you don't even know it.

Brainiac squeezes harder; Cadmus screams in anguish.

SUPERMAN

Cadmus!

He kneels over him and looks around for any way to help his friend, his eyes full of fury.

SUPERMAN

What can I do?

CADMUS

There's nothing to do.

He coughs up some blood.

SUPERMAN

I have to help you, I can't let you die after all you've done for me.

CADMUS

You said it, I'm a man without a world. Who's gonna miss me? But you, you got a life to live.

(a beat)

So? Can you see it?

SUPERMAN

I can see a lot of things.

Cadmus manages to make a fist, pounds Superman on the chest a couple of times.

CADMUS

That's good. You can beat him.

SUPERMAN

I can't let him destroy Metropolis. Metropolis is my home.

Cadmus dies. Superman pounds on his chest, breathes into his mouth, trying the same thing he did with the husband at the excavation, but with no results. He keeps trying until it is apparent Cadmus is gone.

Superman cradles his head, rocks him. He is actually crying. He lifts the visor so he can wipe the tears away.

SUPERMAN

He hears a NOISE behind him and whirls; Jimmy is climbing out of the rubble, rubbing his head.

JIMMY

He took Lois.

Superman goes to the wing, which envelops him. He is about to fly off when he looks down at Cadmus. Resolve seems to grip him.

He steps out of the wing. He tosses the visor, tears the mouthpiece off, rips the hydraulics from the costume, then the generator that provides his force field.

Superman rips the accelerators from his boots, then takes off the interior wing and tosses it on the rubble.

He stands there with no alien technology left, just him in his cool new black suit, silver "S" on his chest, black cape with red lining...

Superman reborn.

JIMMY

What the hell are you doing?

SUPERMAN

Brainiac won't be defeated by a suit. I have to face him myself.

He takes a last look at Cadmus lying there dead, then runs across the ship, fast. Just before he reaches the wall...

He flies off into the night, under his own power!

Sorry about the bump on the head. Unintentional, I swear. Good news, though. I have decided to love you.

LOIS

Just like that.

BRAINIAC

I've devised a way that we can be together always. That is what you humans are looking for, isn't it, in your notions of romantic love? To be together forever?

LOIS

What do you have in mind?

BRAINIAC

The human race will live on in me, through your sacrifice.

Brainiac gestures; one of the glass spheres shoots up from the floor, trapping Lois. She pushes on the sides, yells at Brainiac, but she is silent in the glass sphere.

Brainiac looks up, sensing something.

BRAINIAC

DOOMSDAY GROWLS, affirmative.

Superman flies down the street. He soars straight at Brainiac's ship, his fists out in front of him, and hits the force field going full speed... he breaks through!

.. INT. BRAINIAC'S SHIP - CORRIDOR - NIGHT

Superman crashes through the wall. Several alien crew members come at him; Superman plows through them.

Superman walks down the hallway, scanning through the walls with his x-ray vision. Aliens jump out at him, and he nails them, slamming them into walls, crunching them.

.. SUPERMAN'S POV

He can see the Alien's patterns of attack, their motions, where they will fire their lasers, so that he is ahead of every move they make; this is Phin-Yar.

Superman dispatches the last alien and looks through the wall: he sees the engine room. He takes off down the hall and flies at the wall, bursts through...

.. INT. ENGINE ROOM - NIGHT

Superman flies in through the hole punched in the wall, then falls hard. He hits the floor and rolls, sits up.

The room is eerie, with all kind of alien MACHINES with MOVING PARTS CHUGGING, CLICKING, WHIRRING and WHISTLING; dark shadows and shifting shapes.

He sees a higher catwalk and jumps to fly up to it; instead, he plunges straight down. He lands on the floor on the bottom level of the engine room, hard.

SUPERMAN

The gravity...

He feels a shake, hears DEEP, RUMBLING BREATHING, but he doesn't see anything. He moves on, but he senses a massive presence in the shadows.

He hears a RUMBLING GROWL behind him. He spins, but still there is nothing there.

Suddenly, Doomsday swings both massive fists at him, coming out of the shadows like he materialized from nowhere. Superman ducks in the nick of time, but the blow catches him across the back, he falls.

Superman gets to his feet as Doomsday swings. Superman ducks, Doomsday gets nothing but air. The BEAST HOWLS in frustration. Superman backs up to a machine, cornered. Doomsday advances. Superman feels the machine behind him, waits for Doomsday. Doomsday raises his massive fist...

Superman moves at the last instant, and Doomsday smashes the machine.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Brainiac and Lois... who is still captive in the Glass Sphere... watch the battle in the engine room in hologram form in the middle of the room.

Behind them, the clock readout is at 13 minutes.

... INT. ENGINE ROOM - NIGHT

Superman backs away, and Doomsday follows. Superman is using his Phin-yar, he can see patterns, he knows where Doomsday will strike. He backs up against a computer array; Doomsday swings, Superman ducks...

Doomsday destroys the computer array. A chunk of metal flies at Superman; he tries to deflect it, but in this gravity he has no super strength. The metal knocks him to the ground.

DOOMSDAY HOWLS with frustration, stomps after Superman. His knuckles bleed green; Superman is feeling the Kryptonite, getting woozy.

Superman leans against a massive control panel, sweating, weak from the close contact with the Kryptonite. He looks up at Doomsday through heavy lids.

SUPERMAN

Come and get me.

Doomsday pounds with both arms. Superman dives out of the way, and Doomsday smashes the panel.

The PANEL EXPLODES. The ship rocks, and a ton of rubble pours down on Doomsday and Superman.

Under the rubble, Superman is pinned. He looks over and sees Doomsday, obviously dead. Then he sees:

A rivulet of Doomsday's green blood, running right toward him! The lethal Kryptonite will reach him in moments.

.. VARIOUS CUTS AROUND SHIP

SENSORS EXPLODE; the gravity enhancers.

An instant before the rivulet of Kryptonite reaches him, the SENSOR in the engine room EXPLODES. Surging with super strength, Superman heaves the rubble off of himself. He staggers away, the room spinning around him, shaking from MINOR EXPLOSIONS up and down the Engine Room. He scans the floors and walls, but can't see anything.

SUPERMAN

Damn! Lead.

He hears a RUMBLE behind him; he flies straight at the ceiling, and crashes through just as:

A HUGE EXPLOSION rips through the Engine Room.

.. INT. BRAINIAC'S SHIP - BRIDGE - SHIP

Superman crashes through the floor, and dives out of the way of the flames that ROAR through the hole after him.

He takes a few steps then drops to one knee, his ears still ringing from the Kryptonite.

A bone white leg kicks him in the face. He rolls to his feet. Silver Banshee laughs, and each laugh drives like a spike through his head. He recoils, covers his ears.

BANSHEE

No super hearing in this room.
You've seen that brain of his. He
thinks of everything.

Superman scans the walls, sees that they are lined with alien-looking acoustic material.

He takes a deep breath, and as he does he hears a THUNK; the entire room opens in small, METALLIC SHUTTERS. He blows super breath at her...

And it is sucked out the vents before it reaches her.

BANSHEE

(laughs)
You might as well be whistling.

She directs her laughter at the room; walls collapse, beams fall, all of it landing on Superman.

Finally she wails at a cross beam, and the entire end of the room collapses on Superman. The lights are dim now, she has destroyed most of the fixtures.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Brainiac turns to Lois, still in the Glass Sphere, and waves a hand. She pounds on the glass as the amber liquid begins to fill the sphere, swirling around her ankles.

.. INT. BRAINIAC'S SHIP - BRIDGE - NIGHT

Silver Banshee pulls rubble off of the pile. She pulls a metal beam aside, REVEALING Superman, eyes closed.

He kicks her. She stumbles back and he plows into her; they break through the wall.

They crash through the air duct high in the room, and fall to the floor, landing hard.

Superman lies on his back, dazed. He rolls over and tries to get to his feet, sees:

Two purple feet. Parasite stands over him, energy dancing off of him from every pore, greased up like a psychotic Mr. Universe. He grins gleefully.

PARASITE

I sucked up the strength of sixty
pro athletes before you got here.
I'm ready to rumble.

He kicks Superman, who falls backward. He tries to get up, and Silver Banshee kicks him.

Parasite and Silver Banshee kick and pummel Superman, taking turns, gleefully. Finally he gets to his feet and stands before them like a punch drunk fighter.

SILVER BANSHEE gives a horrifying WAIL, and Superman slams back against the wall, hard, and slides to the floor.

Brainiac watches the battle in 3-D hologram. He pays no attention to Lois, who is frantic, the Amber Liquid around her waist now.

SUPERMAN

Don't stop now.

PARASITE

I don't want it! You're sick...

Parasite starts fritzing. His head shakes, purple saliva spewing out. Superman rises up before him. Parasite stops shaking, focuses on Superman.

PARASITE

I don't suppose you'd hear an
appeal?

Superman slams Parasite. Parasite hits the floor, twitches, and dies.

Wisps of air begin to rise from him, swirling up. They take form as they rise; they are:

All of the souls he has devoured being set free. They continue to come out of him, dozens of wisps curling up in a thick, glowing column.

They rise past Superman and Silver Banshee. We see the spirits of men, women, children. Finally they all pass, and the room is quiet again. There is nothing left of Parasite except a mound of purple dust.

Using Phin-yar, he sees the soundwave as it flies at him across the room.

He holds his hands up and actually deflects the waves; they hit a wall, disperse harmlessly. She wails again; he holds his arms up and her soundwaves reflect back at her.

For the first time, she is hit with the full brunt of her own voice. She slams against the wall, screams in anguish.

Superman moves in on her, hands raised, reflecting her voice. It looks like he is sculpting with the sound. The harder she screams, the more the sound assaults her, the worse the pain, and the harder she screams.

It builds until she tosses her head back and unleashes the howl from hell. BEAMS CRACK, EQUIPMENT EXPLODES. Even Superman takes a step back and covers his ears.

She is directly underneath a huge catwalk, dangling from broken pylons. She meets Superman's eyes, bares her teeth and hisses at him, an otherworldly sound.

The catwalk collapses on her, burying her. She screams as she is crushed, and Superman covers his ears against the onslaught. Finally her screams die.

Superman goes to the massive catwalk and lifts it aside. He finds her at the bottom, broken, battered, dead. He looks around. Brainiac's voice comes out of thin air.

BRAINIAC (V.O.)

Superman looks up as:

3-D images appear in the air above him; they are Lois's memories of Superman which we saw earlier; together on her balcony, flying in his arms, various romantic images superimposed on the air.

Superman is absolutely floored. He whirls around, looks through the hole in the floor into the genetics chamber.

He sees Lois in the glass sphere; she takes her last breath as the amber liquid completely fills the sphere. She is floating now, helpless.

BRAINIAC (V.O.)

What a dilemma. Do you search for my weapons, while I kill the girl?

INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Superman swings down through the hole, and drops to the highest level of the catwalks. He looks up at the timer, which is just over three minutes. Brainiac laughs.

BRAINIAC

You've ruined my hypothesis, Kal-el. I believed love to be a human trait. But here you are, far from human, and yet you obviously love.

He gestures; in the sphere, microbes attach to Lois.

Superman flies to the catwalk, SMASHES the GLASS SPHERE. The amber liquid gushes out, Lois slides and slips. Superman sets her safely on a dry spot. The microbes fall away as she gasps for breath.

SUPERMAN

No dilemma. I have plenty of time to save the girl and stop you.

BRAINIAC

You're absolutely right, you can still save Metropolis. Give me what I ask, we'll make an exchange.

.. SUPERMAN'S POV - HIS X-RAY VISION

scans the room, the layout of the wiring, the connecting systems.

SUPERMAN

You have nothing I want.

BRAINIAC

You're wrong. I know your desires. I know the one thing you want more than anything else.

(a beat)

I can give it to you.

Superman turns and looks at him.

BRAINIAC

I can take the D.N.A. I need and leave you alive. You'll be weak, but that's what you want. No powers. No Phin-yar. Just you, as close to human as you can ever hope to be.

Superman glances at Lois.

BRAINIAC

Yes. You can be with her.

SUPERMAN

How do I know I can trust you?

LOIS

Don't listen to him!

BRAINIAC

Without your D.N.A. I'll die. You'll die, this planet will die. Give me what I need to survive, and I'll stop the countdown.

Superman hesitates; it is clear he is tempted. Brainiac gestures and a glass sphere rises from the floor, opens just enough for a man to step in.

BRAINIAC

Step inside, Kal-el. Claim your dream. Earth will be safe.

Superman takes a step toward the sphere, looks up and meets Lois's eyes.

SUPERMAN

What about the worlds you've
already destroyed? Who will pay
for them?

BRAINIAC

The universe does not reward the
virtuous and punish the wicked.
Who are you to take it upon
yourself?

Superman looks into Lois's eyes for a few moments,
glances at the open sphere, then turns to Brainiac.

SUPERMAN

I'm Superman.

He flies toward Brainiac. Brainiac glares at him with
those red eyes; Superman is slammed back against the
wall, pinned. He struggles, under the full onslaught of
Brainiac's brain power.

Brainiac begins to gesture, and objects fly at Superman:

Metal rods break free from the railings around the
catwalks and shoot at him like spears; large consoles
barrel through the air. The first one knocks Superman to
the floor, and the metal spikes come after him.

Brainiac rises in the air and floats in the middle of the
vortex of objects, orchestrating like a deranged
conductor. Superman concentrates, uses his Phin-yar.

.. SUPERMAN'S POV

He sees the patterns in the objects, knows where Brainiac
will send them.

.. UP ABOVE

Lois slips in the amber fluid and falls over the edge of
her catwalk. She grabs hold, but she is dangling over
the precipice by her fingertips, ready to plunge to her
death on the floor a hundred feet below.

.. SUPERMAN

bobs and weaves through the objects, getting closer to
Brainiac.

The countdown reaches 60 seconds.

.. INT. BRAINIAC'S SHIP - LEAD-LINED ROOM - NIGHT

The ANNIHILATOR starts to THROB.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Superman is very close to Brainiac now; Brainiac is frustrated. He gestures and a huge piece of equipment breaks loose from the ceiling, swings down and slams Superman against the wall.

Superman shoves off like a swimmer making his turn and heads back for Brainiac, whose brain is literally throbbing with the effort he is expending.

.. INT. BRAINIAC'S SHIP - LEAD-LINED ROOM - NIGHT

The ANNIHILATOR warms up, a HUM steadily BUILDING, the whole thing glowing and throbbing...

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

The countdown passes 45 seconds.

Superman closes in on Brainiac, using his Phin-yar to move through the vortex of flying objects.

A metal rod flies at his face. Superman moves aside, and as the rod shoots past he catches it, uses its own momentum to spin it around, and launches it at Brainiac.

The rod strikes Brainiac, and for an instant his attention is off of Superman. Superman shoots through the vortex and grabs him, swings him around and lets go; Brainiac flies through the air like a projectile:

And lands in the glass sphere!

Superman hits a button. The glass sphere closes, and fills with amber liquid. Microbes attach to Brainiac.

Brainiac screams a silent scream as the extractor removes all of the alien DNA he has put into himself:

He MORPHS in the amber liquid, going through numerous alien transformations, all of the races he has used. It is incredibly painful, he twists in the liquid as he MORPHS.

Finally all that is left is a human-looking male, the being he was before he started. He looks down at Superman, pitifully. Then he says something that we can't hear through the fluid or the glass. What he says is:

BRAINIAC

(silent)

I was almost a god.

It will keep audiences guessing through multiple viewings. The machine keeps going; it extracts his own DNA, twisting him further, until it unlocks and he falls apart, dissolving into the fluid, which swirls down the drain.

Lois is barely hanging on, dangling off the catwalk.

LOIS

Superman!

She nods at the counter: it is down to 23 seconds.

Superman pushes the red button on the white column; the counter keeps going. He tears the button out, pulls the wires; 17 seconds. He tries to see through the floor.

SUPERMAN

I can't see! These decks are lead!

Superman flies up, makes a loop, and flies straight down through the floor.

.. INT. BRAINIAC'S SHIP - NIGHT

A CROSS VIEW as Superman flies through the ship, crashing through the lead floors, searching.

.. INT. BRAINIAC'S SHIP - LEAD-LINED ROOM - NIGHT

Superman crashes through and finds the annihilator, which has a counter on the front: it is down to 11 seconds. He tears the front panel off and finds a maze of alien circuitry. Knowing he can't figure it out in time, he rips the device out of its perch; it is bigger than he is.

He hoists it over his head and flies up through the hole he made in the decks...

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Lois hangs where he left her as Superman flies up through the room with the annihilator over his head, passing the big counter which reads eight seconds.

.. EXT. METRO CENTRE PARK - NIGHT

Superman crashes through the roof of the ship, leaving a huge hole, and soars toward the heavens like a streak with the annihilator over his head.

.. EXT. OUTER SPACE - ABOVE EARTH - NIGHT

We can just see the sun rising over the edge of the Earth as Superman soars out of the atmosphere with the device, which has counted down to two seconds.

With all of his might, he throws the DEVICE out into space.

It BLOWS, an unbelievable EXPLOSION, which knocks Superman backwards. He tumbles through space, head over heels, as the shockwaves of the explosion ripple outward.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Lois loses her grip, screams as she plunges, arms and legs flailing, the hundred feet toward the floor.

.. EXT. OUTER SPACE - ABOVE EARTH - NIGHT

As the shockwaves disperse, Superman hears Lois scream with his superhearing. He zooms back toward Earth, as fast as he can fly, a streak.

.. INT. BRAINIAC'S GENETICS CHAMBER - NIGHT

Lois flails as she falls...

.. EXTREME CLOSEUP ON HER HAND

as his hand catches hers in mid air...

He has her! He swings her around, her feet brushing the floor, and pulls her up into his arms. He flies up to the middle of the cavernous room, holding her.

LOIS

It is you.

SUPERMAN

Yes.

LOIS

My two favorite men.

They look deeply into each other's eyes.

SUPERMAN

I love you.

LOIS

Took you long enough to tell me.

She goes to kiss him, but he stops her.

SUPERMAN

You have to go into this with your eyes open. I'm an alien, Lois, I'm not human. Whatever else I might be, I'll always be Superman.

LOIS

(after a beat)

For the record, you're the most human man I've ever known.

And they kiss, floating in mid-air.

.. EXT. METRO CENTRE PARK - DAY

The sun has risen over Metropolis at last. Jimmy runs up to Brainiac's ship just as the WGBS news truck pulls up. A CAMERAMAN and crew jump out and start setting up.

CAMERAMAN

Olsen! We're going live in ten!

Someone hands Jimmy a microphone, and the Cameraman focuses on Jimmy.

They hear a ROAR from the CROWD. They look up, above the ship, as the crowd cheers and applauds.

As the rising sun floods Metropolis with light, and the crowd below cheers them on, Superman and Lois Lane kiss in mid-air. The Cameraman signals Jimmy; we're on.

JIMMY

This is James Olsen, live at Metro Centre Park...

He sees the Cameraman aiming his lens up at Superman and Lois. Jimmy reaches out and pushes the camera down. The Cameraman looks at him; what gives?

JIMMY

Let's leave them alone.

The Cameraman clicks the camera off, as:

High above it all, floating in the air, Superman and Lois kiss, his long black and red cape swirling around them.

FADE TO BLACK.
